Read Daniel 4:1-17

1. By this time of Daniel 4, King Nebuchadnezzar had securely established and prospered the Babylonian Empire and was living at ease. What makes us feel secure, prosperous, and at ease as individuals and as a city of Toronto?
2. In his vision, Nebuchadnezzar saw a holy watcher descend from heaven to give sentencing. This affirms a transcendent order governing our universe versus the naturalistic worldview of our secular age. What difference does it make for us Christians to live according to a transcendent order of reality?
3. The heavenly decree to disestablish Nebuchadnezzar was given to the end that the world may know that God is sovereign over all the kingdoms of earth. How do we as Christians live out our faith in God's sovereignty while engulfed by our present worldly and cultural powers?
4. As Nebuchadnezzar bore witness to God's sovereignty, how can we bear witness today in Jesus Christ's sovereignty over our lives and all the affairs of our world?
