1. In Roman society, a son was the heir of the family name and estate. In this context, Paul calls Christians "sons of God". What does it mean for a Christian to be an heir of God's Name and Estate?
2. Before our adoption in Christ, Paul described our former circumstance as being in slavery to fear. How do we as Christians today experience our falling back to slavery to fear?
3. By the Spirit, we cry out to God as "Abba! Father!" How do we by the Spirit live into our adoption as God's children?
4. Our destiny as adopted children is towards the glory of the new creation. But the path to glory is through suffering. How do we "suffer with Christ" to glory?
